Materials & Features

Manufactured from a single piece of marine grade stainless steel. Incorporated braille and tactile elements are raised to comply with the Building Code of Australia. Vandal and fade resistant, making the signs suitable for indoor and outdoor use.

Technical Detail

Material: 1.6mm, #316 Stainless Steel

Installation

Signs are suitable to be mounted directly onto flat surfaces including gyprock, painted timber, glass etc. RBA recommends that signs be secured using clear window/glass silicone. Refer AS1428.1-2009 (Amdt. 2010) and local building codes for mounting heights and locations.
