

Model RBA4007-200-Series

*RBA4007-212 Shown

Materials & Features

Suitable for Bariatric assistance. Rail can be folded up against the wall in a simple one-hand operation, to allow easy access to the WC. Auto-Hold device retains the rail in place when returned to the upright position. Includes lockable support leg with height adjustable slip resistant footing. Nurse call and/or toilet roll holder are welded to the main body of the rail and cannot be moved.

Technical Detail

Bar:	Type-304 Stainless Steel, 38mm Dia.
Finish:	Gloss White Powder Coat
Mounting plate:	5mm Stainless Steel
SWL:	500kgs downwards 160kgs lateral
Fixings:	By others, RBA recommends M12 or equivalent screw to suit install location.

Installation

Warning: Grab Rails are no stronger than the anchors or walls to which they are attached and, therefore, must be firmly secured in order to support the loads for which they are intended.
