

Model RBA4157-777-003

Materials & Features

RBA folding shower seats are designed to suit all requirements of AS1428.1 when installed correctly. Unit is slip-resistant, self-draining and support legs extend to the floor for increased stability. Seat is secured to frame from underneath to eliminate fixings on the seat top for improved comfort and infection control. Seat folds in an upwards direction.

Technical Detail

Installation

Warning: Folding Shower Seats are no stronger than the anchors or walls to which they are attached and therefore must be firmly secured in order to support the loads for which they are intended.

Important: Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice.
