

## Models RBA8146-118 RBA8146-119

### Materials & Features

Designed to support a paper towel roll without spindles, this unit features spring loaded buttons to hold the roll in place. If excessively loaded, these buttons retract and release the roll. Bevelled flange edges provide a uniform flat surface and ensure a tight fit on the wall.

**Important:** Installation instructions and current rough-in details should be furnished with each fixture. Do not rough in without certified dimensions. Dimensions are subject to manufacturer's tolerance of +/-10mm.

Please note: While RBA takes all reasonable measures to ensure our ligature resistant products consistently perform as advertised, we do not perform load testing on every item. RBA strongly recommends all customers perform their own load testing on each item prior to installation and at regular intervals throughout the life of the product.

RBA does not offer or warrant any of our products as 'anti-ligature' as no product can be truly ligature-free. RBA will not be liable for any claims, losses or damage arising from ligature attachment to our products. It is the responsibility of the purchaser and installer to ensure supplied products are suitable for the environments they are to be installed into.

As improvements in the design and performance of RBA products are continuous, specifications may be subject to change without notice.
