Materials & Features

Moulded from a single piece of polycarbonate. Incorporated braille and tactile elements are raised to comply with the Building Code of Australia. The polycarbonate is vandal and fade resistant, making the signs suitable for indoor and outdoor use. Fastening tape is applied to the entire backside of sign.

Technical Detail

Material: Moulded Polycarbonate
Fastening: 3M 467MP double sided tape

Installation

Signs are suitable to be mounted directly onto flat surfaces including gyprock, painted timber, glass etc. Refer to AS1428.1 and local building codes for mounting heights and locations.
