TowelMate® Accessory

Featuring a patented nylon support rod that sits across the outlet, TowelMate® allows paper towels to be dispensed one at a time without tabbing, tearing, bulging, sagging or bunching; improving user experience and reducing paper wastage. TowelMate® is supplied as standard in all new Fino, ConturaSeries® and TrimlineSeries™ dispensers and can be retrofitted into other models.

LinerMate® Accessory

Stop the ubiquitous black garbage bag from ruining the aesthetics of your washroom. LinerMate® accessories sit within the waste bin to provide a frame for the liner to be secured around, hiding it from sight. LinerMate® is supplied as standard in all new ConturaSeries® dispensers and waste bins and can be retrofitted into other models.

PAPER TOWEL DISPENSERS

RBA8117-101 | Polycarbonate

Frameless design for maximum vandal resistance. Type #430 stainless, mirror finish. 5.5mm Masonite backing for added strength. More sizes available.

Behind the Mirror System

Australian designed and Australian made.

Elouera is the boutique integrated washroom solution you've been searching for.

The Elouera Behind Mirror Washroom System is an Australian designed and Australian made solution that combines elegance, efficiency, and innovation. More than a fixture, Elouera integrates soap, water, drying, lighting, and maintenance features into one seamless system, hidden behind a sleek, frameless mirror. The result is a washroom that feels clean, uncluttered, and easy to maintain.

With Elouera, the entire handwashing process happens in one place, reducing spills, mess, and maintenance time while promoting better hygiene. Its open-system design gives facilities full flexibility with no locked-in consumables, no cartridges, and no mandatory service contracts. Every unit is user-serviceable, helping to significantly lower lifetime operating costs.

Built for safety and durability, each mirror is secured with heavy-duty hinges and AS1288-compliant glass with each panel engineered to withstand five times its own weight. Optional sustainable features, including energy-efficient dryers, LED lighting, and patented accessories, further enhance performance and reduce environmental impact.

Whether for airports, hospitals, offices, or hospitality venues, Elouera offers a refined, minimalist washroom solution that elevates both design and functionality.

Configure your ideal system and instantly submit a request for quotation with our handy online designer. Our helpful team will be in touch as soon as possible to discuss your options and provide initial submittal drawings to use in your project.

RBA8511-122-110 | Valve only
RBA8511-101 | Valve & Button Combo

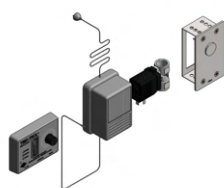

Timed-flow valve with site adjustable run time, 5-60s. No electricity needed, perfect for remote applications. To suit showers, basins, bubblers and more. Multiple outlet and actuation options available.

Air-Trol Double Pneumatic Valve

RBA8511-112-120 | Valve only
RBA8511-201 | Valve & Button Combo

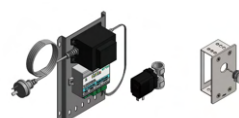

Timed-flow valve with site adjustable run time, 5-60s. No electricity needed, perfect for remote applications. Single inlet, double outlet valve provides water to two separate fixtures while still allowing timing to be manually set for each.

Time-Trol™ Water Management Kit

RBA8010-100 | Kit only
RBA8010-105 | Kit & Showerhead
RBA8010-106 | Kit, Showerhead & Handles

Electronic microprocessor controlled timed-flow valve. Easily adjustable profile switch, select from 12 settings which vary in run-time, lockout and cycle interrupt. Controller can be located up to 20m from the valve.

T4 Water Management Kit

RBA8013-100 | Kit only
RBA8013-101 | Kit & Showerhead

Electronic microprocessor controlled timed-flow valve. Easily adjustable dials, select from 32 pre-programmed run-time options ranging from 0.25 to 300s. Includes stainless steel piezo plate with recess box. Optional water-efficient 6 LPM showerhead available, see RBA8519-114.

Nautilus Electronic Dual Flush Valve Accessible Plate

RBA1882-100-007

Supplied with integrated isolating ball valve and strainer, flush valve, touch-activated piezo buttons and vacuum breaker. Adjustable to 4 Star 4.5/3L or 3 Star 6/3L flush volumes.

Wave-N-Go™ Touch Free Dual Flush Valve Accessible Plate

RBA1882-100-507

Wave-n-Go™ Touch-Free sensor activated. Supplied with integrated isolating ball valve and strainer, flush valve and vacuum breaker. Adjustable to 4 Star 4.5/3L or 3 Star 6/3L flush volumes.

Nautilus Electronic Dual Flush Valve Small Plate

RBA1882-100-002 | Satin
RBA1882-100-005 | Matte Black

Supplied with integrated isolating ball valve and strainer, flush valve, touch-activated piezo buttons and vacuum breaker. Adjustable to 4 Star 4.5/3L or 3 Star 6/3L flush volumes.

Wave-N-Go™ Touch Free Dual Flush Valve Small Plate

RBA1882-100-502 | Satin
RBA1882-100-505 | Matte Black

Wave-n-Go™ Touch-Free sensor activated. Supplied with integrated isolating ball valve and strainer, flush valve and vacuum breaker. Adjustable to 4 Star 4.5/3L or 3 Star 6/3L flush volumes.
