BEHIND MIRROR SYSTEM

The latest from the RBA Group, your local specialist in stylish and durable commercial bathroom fixtures. The **Elouera Behind Mirror System** is a triumph in innovative product design, the culmination of everything we've learned in our 30+ years in operation.

Designed and constructed in Australia, the system provides a complete, convenient and clutter free handwashing experience. With sleek lines, a minimalist, frameless aesthetic and a variety of stunning solid surface washplane options supplied in collaboration with Neo-Metro®, it's the perfect match for your next premium project.

Not just a pretty face. The Elouera Behind Mirror System makes installation and maintenance a breeze with prefabricated assemblies, single reservoir soap dispensers, compatibility with most popular Building Management Systems and more.
